ON Friday, July 7, staff from school are taking part in a charity football game against Springwell Community College. There will be a donation fee to enter and watch the game along with several stalls around the fields such as a raffle, tombola, face painting, bake sales and many different sports to take part in. The event will be happening from 4.00pm until 6.30pm. The money raised will be used to help a student in Year 10 called William Huntley. He has Rhythmic Movement Disorder which causes him to hurt himself while he sleeps, meaning he doesn’t get the right amount of sleep needed. The money will go towards a special bed and an extension on their house which will help a lot towards him and his family. Also the friendly match is not just open to the school students so invite your friends, neighbours and family to come along. We hope to see you there!

NEWBOLD GOES VIRTUAL REALITY

By Charlotte Jones

ON Monday, April 3, Google came in to school to do a Virtual Reality lesson with Y7 and Y8. Everyone agrees that it was very fun and they all enjoyed it. One of the students who participated in the Google VR, Cameron Bonham, quoted, “When I used them it was really cool, when I put them on it felt so real.”

Everyone who did the virtual reality session did something related to what they were learning. It could be a variety of Volcanoes, Earthquakes, Mountains and Avalanches. People are hoping they will arrive at school to do another session as it was extremely fun and enjoyable!

A huge thank you to Miss Darbyshire who organised it.

THE ARC

By Daniel Boot

THE ARC is run by Mrs Oades alongside 22 Teaching Assistants. The ARC is an area in the school of which students with special educational needs can visit if they feel anxious, sad or angry. This can help to calm them down and help them physically, mentally, and socially. It has helped the behaviour of many students with various needs in various settings.

FOCUS ON: LEARNING MANAGERS

I worked for 6 years alongside SENCO who looked after the students with any additional needs I learnt many valuable skills that I use and processes that I use now.

1) Has anything great happened with you being Learning Manager?
   Every single day is great and an adventure as a Learning Manager watching you all make progress. A special highlight is seeing students achieve awards in front of their family during celebration events.

2) Who is your favourite music artist?
   This one is easy-Guns ’N’ Roses who I have been lucky enough to see 8 times, and went to London to see them on 17th June with my husband and son Johnnie.

3) If you had to live on a desert island what food would you take?
   Definitely daily servings of home-made Lasagne, I don’t know how the logistics would work regarding delivery!

4) If you could have any job in the world what would it be?
   My dream jobs would be either a champion jockey as I adore horses and am a competitive or children’s poet laureate as I have a passion for writing poetry and reading lots of varied books.

FUN DAY

Friday, July 7th
TERRORISM STRIKES THE UK

By Charlotte Jones

There was a traumatic attack in London on the 3rd June Saturday, in the middle of London where 8 people died and at least 50 injured.

A white van was driving along London bridge suddenly speeding up hitting many people, then 3 men got out and going around killing random innocent people for no particular reason. Police arrived within a few minutes and the 3 men who were suspected to be responsible for the attack were killed by specialist police.

Another attack in Manchester (24th May) happened at one of Ariana Grande’s concert where a bomb went off as they were all leaving. 22 were killed and over 60 injured, the youngest victim killed was 8 years old. Ariana went to visit her fans in the hospital and put a smile back on their face, all the people who attended her concert where the bomb went off, got a free ticket to go to the one love concert she hosted herself to tell everyone everything will be alright. There were several famous celebrities such as herself, Justin Bieber, Coldplay, Take that, Liam Gallagher and many more who were there performing at the One Love concert.

Many of you would have seen it on the television and it certainly was a heart breaking thing to see, but it put every one into good hopes after the traumatic experience everyone had gone through recently. Over 50,000 people attended the One love concert!

If you are upset by the news, it’s important to know that you are not the only one and it’s OK to have those feelings. First of all, things are in the news if they don’t happen very often meaning that it is rare to happen. I mean you wouldn’t put in the news something about someone tripping on the pavement because that happens most of the time! If you are worried about what’s going on in the news, you should talk to someone about it. Whether that be a parent, a teacher or your best friend, it is important to share and talk about your worries! Just remember... ITS NORMAL TO FEEL UPSET!

YEAR 6 TRANSITION DAYS

On Friday 30th June we welcomed 26 Year 6 students to the academy. This was an extra transition day for students from smaller feeder primary schools. This gave these students a chance to get to know each other and the academy before the main transition period. This will take place between Wednesday 5th and Friday 7th July.

Students experienced a typical day at the academy; lessons in Drama, Technology, PE and Science. In these lessons they created a drama piece from a stimulus photo, created a scrabble picture frame, played diamond cricket and produced chemical reactions.

As you will see from the photos below - a fantastic day was had by all. We look forward to welcoming all 159 students next Wednesday!

WHO WANTS TO BE A MILLIONAIRE?

By Cameron Boneham

Millionaires Club is an enrichment after school where students can learn business skills. In Millionaires Club we make different things to sell to people and the main aim is for each team to make a profit. The leaders are Mrs Thompson and Mrs Warrington. Its on a Monday 2:30 till 3:30.

In Millionaires Club you have to do market research to make sure you have the right products but you also have to order them in how many you want. At Easter we were given £25.00 and had to make a profit by selling our products my group made Easter Chocolate cones and another group made Hot Chocolate in a jar and the last group made Painted Jars. This time we are making Paracord Bracelets for a Market Stall and lots of other products that will also be sold at the Outwood Academy Fun Day on Friday, July 7.

SPORTS NEWS IN BRIEF

On Tuesday, May 23 we took three teams to a girls football competition at Dronfield Henry Fanshawe school, with one of our U13 teams losing the final on penalties and our U15s teams losing in the semi final on penalties.

Saturday, June 10 saw 5 of our athletes represent the Chesterfield Schools Athletics team at the Derbyshire Schools Athletics Finals in Derby. Of those 5, Dru Bradley (Discus) picked up a Bronze medal too. Playing for Chesterfield FC U14s, Oliver Papworth scored in the final of of the Villarreal Cup in Spain as his team won the game 2-1 and were crowned champions.

Finally, Thursday, June 2 saw our Y7 mixed rounders team crowned Chesterfield Schools Champions, with Will Pritchard-Maddison being named player of the tournament. Our Y8 mixed team came 3rd in their year group.
MR COMBE
CONQUERS THE PEAKS!
By Charlotte Jones

MR Combe miraculously completed the Three Peak Challenge with some of his friends, raising £1,100 to split between three charities, Cancer Research, Wish upon a Star and Battons. The challenge involved climbing the 3 highest mountains in the UK. Which are Ben Nevis (Scotland), Scafell Pike (England) and Snowdon (Wales).
Furthermore, an achievement of 13 hours climbing, 11 hours travelling and of course... NO SLEEP! meaning they completed the challenge in 24 hours which is an amazing achievement. Ben Nevis was a total of 4,411 feet, the highest out of all the three mountains, not far behind, Snowdon which was 3,560 feet and finally Scafell Pike, which was 3,209 feet.
Within the experience Mr Combe quoted, “Another mountain done, onwards and upwards!” In total they walked over 20 miles climbing up and down mountains and believe it or not, only 40% of the 20 (which is 8) people completed the challenge with in the 24 hours. Mr Combe explained all the beautiful views and how lucky they were to get such nice weather.

VISITING WIRE ARTIST
ON Thursday, June 29, students from year 9 and 10 were fortunate to have a visit from wire artist Helaina Sharpley. Helaina Sharpley is a wirework artist and designer based in Mirfield, West Yorkshire, specialising in wall art inspired by tea drinking and architecture from the Victorian and Edwardian eras. The students then created some of their own amazing wire work.

Coby’s Corner
By Coby Pilmore & Emily Jones

HELLO and welcome back to Coby’s Corner, the most awkward column in this newspaper! In this edition we have two guest readers who have sent in their reviews so let’s start...

Reader review number 1 - Emily Jones (Year 7 and our first AR Millionaire Reader)

“Pegasus and the fight for Olympus’ by Kate O’Hearn
Reborn as the flame of Olympus Emily must embrace her new power and responsibility but all she wants is to return home. However there is a sinister government on the rise. What could possibly go wrong?
I rate it 7/10.

Reader review number 2 - Emeelia Smith (Year 7)

“Skulduggery Pleasant’ series’ by Derek Landy
Meet Skulduggery Pleasant wise cracking detective, powerful magician, sworn enemy of evil and yes...and dead. As Stephanie Egdey’s world is questioned after her beloved uncles death she must rely on this strange figure as she is thrust into a world that she thought only existed in her uncle’s books...
I rate it 8 and 3/4 out of 10.

Now remember I do accept any reviews from you, yes YOU - just write a review, add a rating with your name and year and you may find it in the next edition. What are you waiting for?

Okay, now time for me...I have read a number of books since the last edition but I’ve managed to narrow it down to two:

“Railhead’ by Philip Reeve
This is an intriguing book set in an advanced world with sentient trains, motoriks and hive monks. What will the actions of young thief Zen Starling do to this world of inter-galactic travel as he embarks on the heist of a lifetime.
I rate it 7/10.

“Maggot Moon’ by Sally Gardner
Standish Treadwell - a boy with different colour eyes. With the influence of his best friend (and his family) and his grandpa he uncovers a dark secret of the motherland - now he must put a stop to it.
I rate it 7/10.
Hello, I'm Amy and as for right now, I've replaced Ben for the music review!

**Young And Menace - Fall Out Boy**

This song is very different to the rest of FOB's stuff, they're usually a rock band. But they've come out with an electronic song. holy moly, thanks Pete.

10/10. Literal proof of God... probably.

**Over The Rainbow – Ariana Grande**

I'm not usually a fan of Ariana Grande, but this was an amazing tribute to the people who were affected by the Manchester terrorist attack.

10/10.

**Closer- The Chainsmokers**

It's alright?

I don't get the fuss, but hey I listen to Fall Out Boy, who am I to judge?

2/10

**Despacito- Luis Fonsi, Daddy Yankee & Justin Bieber**

Good beat, not a fan of Justin, will probably get it stuck in my head while I'm doing a really important test and I'm supposed to be working out some algebra but all I can hear is some bloke speaking some other language. What kind of name is Daddy Yankee?

6/10

---

**This term:**

**Mr To**

By Daniel Boot

1. What inspired you to be a teacher? Who inspired you to do so?

I started working at the youth club with young people while I was still at university. The kids came from disadvantage backgrounds and this inspired me and I tried to make a difference.

2. If you were not a teacher what would you have chosen?

A musician or a journalist

3. What made you choose your subject?

I had an interest in history and doing GCSE and watching films developed that interest.

4. What out of school hobbies do you have?

Attending music gigs, playing music and supporting Lincoln City.

5. What's your favourite film?

The original Toy Story

6. What's your favourite song?

Cigarettes and Alcohol by Oasis

7. What is your favourite book?

1984 George Orwell

8. If you could be any animal what would it be and why?

A panda as they sit around and eat bamboo all day

9. If you could live anywhere where would it be?

Thailand

10. Who is your celebrity idol?

Ordinary people that do lots for charity but do not get recognised

Bonus Questions:

If you could have lunch with 3 people from the past who would it be?

John Lennon (music), Henry VIII and James Dean (actor)

What time period do you like the most?

The 1970s as there was good music

Who's your favourite member of One Direction?

Harry Styles

The History of Bakewell

Extract from Bakewellonline.co.uk

SET in an enviable location on the banks of the Wye, with the river meandering gently through the centre, this beautiful old market town is in the heart of the Peak District, surrounded by stunning countryside views. Famous for its Puddings, Annual events and for receiving royal charter as a market town in 1330, markets are still held every Monday in the town centre and there is a thriving livestock market.

Less than 200 years ago, Bakewell presented a completely different picture with narrow streets and timber framed properties, many of which had thatched roofs. The modern layout of the town only came about in the 19th century. Visitors flock to shop and explore the towns nooks and crannies, to admire the fine stone Derbyshire buildings, or just to relax in by the clear, sparkling waters of the River Wye.

Modern Bakewell has something for everyone, and everything for someone, from its many historic buildings and its wonderful riverside walks along the banks of the Wye, to its award-winning newly designed and recently revamped town centre with shopping arcades and numerous emporiums of excellence.

Mrs Kay’s delicious treats

By Kaitlunde Chadwick

Every Issue Mrs Kay will be recommending a recipe for you to try at home. Why not bake a Bakewell Tart?

A Bakewell tart is an English confection consisting of a shortcrust pastry shell beneath layers of jam, frangipane, and a topping of flaked almonds. It is a variant of the Bakewell pudding and although closely associated with the town of Bakewell in Derbyshire

Ingredients

Pastry:
• 100g plain flour
• 50g butter
Sponge mix
• 50g Self Raising flour
• 50g butter
• 50g sugar
• 1 egg
• 1 teaspoon almond essence

Filling
1.2 tablespoons of jam

Method

Make the pastry
1. Sieve the flour into a large bowl.
2. Rub the butter into the flour into the butter using fingertips.
3. Add a little water and start to bring a ball together using a knife.
4. Leave the pastry to one side whilst you make the sponge mixture.

To make the sponge
1. Sieve the flour into the bowl (no need to wash the bowl after making the pastry).
2. Add the butter, sugar and an egg and beat together using a wooden spoon until creamy. Mix in almond essence.
3. Flour the work surface and roll out the pastry (not to thin) and fit into the foil tray.
4. Mix the jam in a small bowl to make it runny then spread the jam onto the bottom of the pastry case.
5. Place the sponge mixture all over the jam and then carefully smooth out using a palette knife.
6. Trim of excess pastry from around the foil using a sharp knife.
7. Put in oven for around 25min until looks golden brown and feels springy to touch.
IN April, 25 pupils from year 7 & 8 took part in the Leeds University UK Maths Challenge answering mathematical problem solving questions. 16 of these students achieved either Bronze, Silver or Gold certificates. In year 7 there was Bronze for Ben Saint, Shaye Fletcher and Emeelia Smith. In year 8 there was Bronze from Aaron Blair Nijam Uddin, Savannah Lee, Jonah Lomas and Lewis Flanagan, Silver for Holly Clarke, Jacob Watkiss, Sam Ridgeway, Sam Booker, Olivia Speed and Sophie Baker, and Gold for Skye Lee and Alex Barnes. Alex Barnes also scored enough to be invited to participate in an additional round of the competition called the Junior Kangaroo Challenge. Well done to all who participated. Over 250,000 students from across the UK entered this years challenge with roughly the top 6% receiving a gold certificate, the next 13% a silver certificate and the next 21% a bronze certificate. The top 3% of students are invited into the next round - Alex Barnes was one of these students.

CAN YOU HEAR THE CHOIR SING?
By Amy Richards
ON Tuesday July 18th the choir are singing “How far I’ll go” by Moana, rehearsals are going really well and Mrs Colley is very pleased at their progress, they sound amazing and we hope that we’ll see you there! Mrs Colley runs the show choir on Thursdays, where they practice songs as a group, anyone can join, if you can sing or not! (Preferably if you can sing, though) They’re a confident and bubbly group, who sing a variety of songs, pop, musical, Disney, etc. Currently they consist of KS3 students but will welcome anybody, it’s in mu3f from 2:30 to 3:30

Are you a keen reader?
All welcome at Year 7/8 Book Group - Monday 2.30pm in the Library.
ARTS SHOWCASE

AN EXCITING OPPORTUNITY TO SHOWCASE ALL THE GCSE AND A LEVEL ARTS AT OUTWOOD ACADEMY NEWBOLD.

TUESDAY 18TH JULY

5.30PM — 8.00PM

The evening will include a combination of Art & Photography with Dance, Drama and Music performances.
By Sarah Smith

STUDENTS REPRESENT CHESTERFIELD AT DERBYSHIRE SCHOOLS ATHLETICS CHAMPIONSHIP

ON Saturday 10th June 2017, five of our most talented athletics went to Moorways Stadium in Derby to represent the Chesterfield team in the Derbyshire Schools’ Athletics Championships.

Students representing Chesterfield were selected from regional trials back in April, by finishing first or second in their event against students from the other Chesterfield Schools.

Of those competing on the day, Dru Bradley (Discus) and Elise Collins (800m) both claimed bronze medals. Bradley Flanagan (100m), Mackenzie Hutchinson-Mann (Discus) and Nathan Gavaghan (200m) also put in strong performances against largely older opposition.

I give it a 5 out of 5.
Cringe factor 0 out of five.

Later on this year the Emoji Movie is coming out. I don’t really know what to make of it, I mean it sounds ok but then you watch the trailer and it gets really really cringy. It’s about a young emoji who ‘makes the wrong face’ somehow and that jeopardises a boy’s phone *he looks 10 and he has a massive crush for some reason* whilst talking to this girl he likes causing him to get a new phone and his crush to fall out with him.

I give it a 1.25 out of 5.
Cringe factor 5 out of 5.

Now onto a slightly less cringy film *thank goodness*, Pirates of the Caribbean – Dead Men Tell No Tales. Captain Jack Sparrow, being a troublesome pirate, finds himself in a whole heap of trouble *again* and is hunted by his old nemesis – the fearsome Captain Salazar. Jack’s only hope of survival is to search and locate Poseidon’s trident * Poseidon is god of the sea and his trident is legendary weapon* It looks really good and Capt. Salazar some pet sharks! I’m sorry you can’t convince me that isn’t cool.

I give it a 5 out of 5.
Cringe factor 0 out of 5.

By Charlotte Jones

CHUBBY PANDA’S ARE VICTORIOUS

THE school silver sports ambassadors organised an inside school Bench Ball Competition. They run many different sports activities, which you will see posters about around the school, and they would love it if you could come along and join in the fun. All of the people that come along love the activities and always get to suggest what game to do next. Surely out of all the competition they do, there will be one for you. They did various activities and challenges to do whilst playing bench ball such as, Bum bench ball, linked bench ball and more. It was an open game to Y7, Y8 and Y9 and there were two teams which the ‘Boosts’ and ‘Chubby panda’ which over all the ‘Chubby Pandas’ won. So congratulations that team.

“I really enjoyed it and I will definitely come again!” says one of the Y7 students who played.
YEAR 8 KINGS OF KINGSWOOD

BETWEEN Monday, June 26 and Wednesday June 28, our year 8 students had the opportunity to take part in an amazing residential experience at the Peak Venture centre, near Penistone, on the edge of the Peak District. As well as rewarding students for their hard work and academic progress as they approach their graduation from KS3 into KS4, the experience provided students with the opportunity to build self-confidence, resilience and a sense of achievement through a range of positive, enjoyable, challenging, rewarding and educational activities! These included orienteering, Zip Wire, 3G Swing, Fencing, Archery and outdoor Laser Quest. The students enjoyed the residential immensely. Lewis Pinto said it was great fun. His favourite activity was the Zip Wire as he overcame a lot of fears. Olivia Burton said her favourite activity was the 3G swing, where she was hoisted up higher than the trees and left to swing. She also really enjoyed the hot chocolate at night! Mr Vallance, who organised the residential with Mrs Redman said “It was a fantastic opportunity to see the year 8 students enjoying some outdoor learning and seeing the year group become more cohesive. It was a pleasure to spend three days with them”.

YEAR 8 GRADUATION

As we go to print the final preparations are underway for the year 8 graduation ceremonies. It is one of our proudest Outwood traditions and it is designed to acknowledge the progress of our year 8 students in both their academic effort and for achieving four out of their ten “pledges”. Pledges is our system to ensure students carry out ten key activities before university as it encourages them to get more involved both in and out of the classroom. Pledges include attending enrichment sessions, attending cultural experiences and of course, the year 8 residential.
ON Monday, July 3 the annual Outwood Academy Sports Day took place. During periods 1 and 2, year 7, 8 and 12 took part in games of rounders, cricket, benchball or handball. From period 3 onwards the field events took place, including discus, javelin, shot put and the races. Each VMG also took part in a sports quiz, the score from which was added to the final points total. Africa were the winning continent with a total of 292 points, closely followed by South America in second place with 285 points, and Oceania in third place with 255 points.
